Special service for your special needs!

Would you like to be able to travel despite special needs?

It's entirely possible. We offer you an all-round service.

You arrive at the airport and we pick you up with our special busses. The Bruno rotating seat allows you to board our bus comfortably. The seat extends out of the bus and lifts you in, without any efforts.

You can rent a mobility scooter so you can drive around carefree. We offer different models of scooters. Our mobility scooters are specially manufactured, certified vehicles that can transport different weight categories. You drive the scooter yourself. We will provide you with detailed instructions.

Tell us your desires

Tell us exactly what you want for your carefree vacation in Jamaica. The more information we get, the better we can respond to your needs and support you.

„Make Life Easier!“

The simple way of entering and exiting

Our busses have a wheelchair lift that elevates you and your mobility scooter in and out. The lift works completely electrically and is a safe way to go on tour with us.

With us you can go shopping and buy all the souvenirs for your loved ones. We drive you to places of interest and to restaurants and bars.
